

FIRST AID POLICY

This policy outlines the School's responsibilities to provide adequate and appropriate first aid to all pupils, staff and visitors and the procedures in place to meet that responsibility. For the purposes of this policy 'School' means EYFS (Incorporating Magic Tree Nursery, Pre Reception, Reception) Belmont Grosvenor School, Before/After School care and BGS Holiday Club.

AIMS

The policy aims to identify the needs of the school in line with the following regulations:

- The Health and Safety at Work Act 1974
- The Health & Safety (First Aid) Regulations 1981
- DCSF Guidance on First Aid in Schools
- Statutory Framework for the Early Years Foundation Stage 2021
- Commentary on the Regulatory Requirements

To ensure that first aid provision is available at all times while personnel, including pupils, staff and visitors are on school premises and also off the premises whilst on school visits.

OBJECTIVES

- To appoint the appropriate number of suitably trained people as First Aiders to meet the needs of the school.
- To provide adequate and appropriate training for staff who volunteer to be first aiders training
- To provide sufficient and appropriate resources and facilities
- To inform staff and parents of the schools First Aid arrangements
- To keep accident records and to report to the HSE as required under the Reporting of Injuries Diseases and Dangerous Occurrences Regulations 1995

FIRST AID

Teachers' conditions of employment do not include giving first aid, although any member of staff may **VOLUNTEER** to undertake training to carry out these duties.

All newly qualified entrants to the early years workforce who have completed a level 2/3 qualification on or after 30th June 2016, must also have a full Paediatric First Aid (PFA) qualification within three months of starting work at BGS to in order to be included in the required staff:child ratio.

Teachers and other staff in charge of pupils are expected to use their best endeavours at all times, particularly in emergencies to secure the welfare of pupils in school in the same way that parents may be expected to act towards their children.

The number of first aiders required will be determined by a suitable and sufficient risk assessment and will be reviewed on a regular basis, particularly after any changes to ensure that the provision is adequate. Consideration will be given to regulatory requirements, pupil and staff numbers, absence of first aiders due to part time work, annual leave and other absences, size and layout of the school, remoteness of the site from emergency medical services and any other factors.

During the business opening hours when pupils may be present (8.00am – 6.00pm) there must always be a suitably qualified person on site to deal with first aid matters as they arise. Within the EYFS Department there is a requirement that a member of staff who holds a paediatric/child first aid certificate is present at all times.

A first aider (PFA for EYFS pupils) will accompany pupils on all visits out of school.

In selecting First Aiders consideration should be given to the individuals reliability and communication skills, ability to cope with stressful and physically demanding emergency procedures and the ability for the first aider to leave their normal duties to assist with an emergency situation.

REVIEWED: August 2022

NEXT REVIEW DATE: Ongoing

The main duties of a first aider who has completed a training course approved by the Health and Safety Executive are:

- Give immediate help to casualties with common injuries or illnesses and those arising from specific hazards at school.
- When necessary ensure that an ambulance or other professional help is called.

NB It is emphasised that qualified First Aiders are not trained doctors, nurses or medical professionals.

This policy does not cover the administration of medicine to pupils. Reference should be made to the **POLICY ON ADMINISTRATION OF MEDICINES IN SCHOOL** in such circumstances.

The following employees at Belmont Grosvenor School are first aiders who have been trained to First Aid at Work Level

NAME	LOCATION/EXTENSION	CERTIFICATE EXPIRY DATE
Helen Kernaghan	SBM Office Ext 22	January 2024
Gillian Furniss		April 2024
Jo Henderson	MTN Ext 39	April 2024
Darran Hawkyard	Ext 24	July 2023

The following are employees who have completed PFA Training

First aid boxes are kept at the following points in the school:

LOCATION OF FIRST AID BOXES	ACCIDENT & INJURY REPORT FORM BOOKLETS
Medical Room	Medical Room
School Office	School Office
Nidd Block	Nidd Block
Stables	Stables
Swimming Pool	Swimming Pool
Science Laboratory	
Magic Tree Nursery Kitchen and bathrooms	Magic Tree Nursery
Both minibuses	

Accident & Injury Report Form booklets are kept in the above locations. The carbonated form is to be completed as soon as it reasonably practicable to do so after the injury/accident has occurred. The white copy is to be sent home with the child on the same day, and if necessary either a courtesy call made to the parent/guardian or parent/guardian spoken to in person when the child is collected. The yellow copy stays in the booklet as a school record of the matter.

Once a booklet is completed, it is to be forwarded to the Health and Safety Co-ordinator to ensure compliance with data protection regulations. These records must be kept for a minimum of 3 years.

Travelling first aid boxes are held by the School Business Manager and it is the responsibility of the group leader to ensure that these are collected prior to any educational visit.

In the EYFS these are kept in the Kitchen and Tree Tops Room and are used as well as part of the Ready to Respond Evacuation Bags. EYFS Staff will ensure they take a hand held First Aid kit when outside the classroom, including walks in the wider school grounds.

Portable First Aid Kits should be taken outside each break/lunchtime for. For Prep this can be collected from the school office with the walkie talkie, and Pre Prep from the entrance to Nidd Block.

Use of first aid materials and deficiencies from the first aid boxes should be reported to the Health and Safety Co-ordinator. Staff are able to collect replacement items for first aid kits from the school office as required, ideally shortly after use. A termly check on the location and contents of all first aid boxes will be made by the Health and Safety Co-ordinator. In EYFS, weekly checks are carried out by the Nursery Manager. At least two thermometers underarm and ear are available in the Magic Tree and can be located in the Kitchen.

ADMINISTRATION OF MEDICINES

See the Administration of Medicines in School Policy.

The person responsible for dealing with the administration of medicines in accordance with Managing Medicines in Schools and Early Years Settings including keeping records of parental permission, keeping medicines secure, keeping records of administration are members of the BGS Admin Team. There may be occasions when the pupils form teacher is required to carry out these duties.

PARTICULAR MEDICAL NEEDS

Parents inform school of any pre-existing medical conditions on entry to the school. Changes or diagnoses of new conditions should be reported to the school at the earliest opportunity. The School Business Manager will then update the database and inform staff accordingly.

The Headmaster (or person authorised by the Headmaster) will decide whether any medication will be administered in school, and by whom (usually the school office staff). In appropriate cases the Headmaster and parents in consultation with the child's form teacher, Pupil Welfare and Wellbeing Lead and anyone else the Headmaster deems necessary will draw up a healthcare plan for ongoing conditions such as asthma, epilepsy and diabetes

ACCIDENT PROCEDURE

At playtimes/lunchtimes the duty staff will deal with minor injuries as they arise in the school playgrounds.

REVIEWED: August 2022

NEXT REVIEW DATE: Ongoing

Duty staff are encouraged to take school walkie-talkies or school mobile phones whilst on duty to ensure contact with the school office can be made. Personal mobiles can only be used by non EYFS staff.

The injured person will be seen by an adult and referred to a First Aider if necessary. A pupil with minor injuries who is able to walk should be sent to the school office where they will be treated by a first aider.

If it is necessary to see a casualty at the scene of the accident a message will be sent to the school office to request assistance.

First Aiders must wear single use, disposable gloves before administering treatment. Any spillages/bodily fluids need to be cleaned and disinfected at the earliest opportunity. Clinical Waste bags (yellow) are available in the School Office, Medical Room and Magic Tree Nursery and can be disposed of in Sanitary/Nappy bins.

For all departments in the school, the staff member who dealt with the incident is responsible for completing the Accident form at the earliest opportunity.

A Sick Bed is available in the Medical Room for short term use until it is possible for a child to be collected. Any child using this facility will be supervised by a staff member with First Aid training. This facility is for short term use when the child is too ill to remain in the classroom environment.

CALLING THE EMERGENCY SERVICES

In the case of major accidents, it is the decision of the fully trained first aider if the emergency services are to be called. Staff are expected to support and assist the trained first aider in their decision. The Headmaster or in her absence a member of the SMT must be informed immediately if the emergency services are contacted.

If a member of staff is asked to call the emergency services, they must,

1. State what has happened
2. The child's/adults name
3. The age of the person
4. Whether the casualty is breathing and/or unconscious
5. The location of the school

In the event of the emergency services being called, a member of the Admin staff OR another member of staff, should wait by the school gate and guide the emergency vehicle into the school.

If the casualty is a child, their parents should be contacted immediately and give all the information required. If the casualty is an adult, their next of kin should be called immediately.

HOSPITALISATION

In accepting a place at the school, parents authorise the Headmaster, or an authorised deputy acting on their behalf, to consent to the advice of an appropriately qualified medical specialist to their child receiving emergency medical treatment, including general anaesthetic and surgical procedure under the NHS, if the school is unable to contact the parents in time.

If it necessary for a child to require treatment at A&E but doesn't require emergency transportation the parents will be contacted and asked to transport their child.

If it is necessary for a pupil to be taken to hospital by ambulance a member of staff will accompany the child.

If a staff member requires hospital treatment for non-life threatening injuries, a First Aider at Work will assess whether they can be transported alone or require an additional adult to assist. They will then be taken by a First Aider and next of Kin contacted.

INFORMING PARENTS OF AN ACCIDENT/ILLNESS

Where possible parents/guardians will be informed if their child suffers anything other than a trivial injury. If a child becomes unwell, receives first aid treatment or if we have any concerns about a child's health we will inform the parent/guardian. This will be via a telephone call, or the completed Accident/Injury form as detailed above and as

REVIEWED: August 2022

NEXT REVIEW DATE: Ongoing

appropriate. Where there has been any form of Head injury, the accident form must be completed and the parent must be contacted either via a phone call or if unavailable, by personally speaking to the responsible adult that collects the child at the end of the school day.

RIDDOR

Under the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations 1995 (RIDDOR) some accidents must be reported to the HSE. For definitions of major injuries, dangerous occurrences and reportable diseases see <http://www.hse.gov.uk/riddor>. The School Business Manager will assess the incident and determine whether the incident is reportable and take the necessary action.

Statutory Framework for the Early Years Foundation Stage (EYFS) 2021

Under the Safeguarding and Welfare Requirements of the EYFS providers must notify Ofsted of any serious accident, illness or injury to, or death of, any child while in their care, and of the action taken. Notification must be made as soon as reasonably practicable, but in any event within the 14 days of the incident occurring. Providers must notify local child protection agencies of any serious accident or injury to, or the death, of any child while in their care, and must act on advice from those agencies.

The early Years setting will notify Ofsted of any food poisoning affecting two or more children cared for on the premises. Notification must be made as soon as is reasonably practicable, but in any event within 14 days of the incident.

Pupil Accident/Injury in School - Report to Parents

Dear Parent/Carer

This is to let you know that your child had an accident at school today. Details are recorded below. After examining him/her you may feel it necessary to obtain medical advice.

Pupil's name:

Class:

Date:

Time:

Location of accident:

Description of injury and/or nature of incident:

- On the climbing frame On the playground
 In the classroom In a P.E. lesson
 Collided with another child Tripped and fell
 Other - further details:

Treatment administered:

- Cold compress Area cleaned with antiseptic wipe Plaster/dressing Monitored
 Other - further details:

Head injury: Any injury to the head is treated in accordance with our school procedures. Your child has been checked and has shown signs of:

- Dizziness Drowsiness Nausea/Sickness Headache Loss of vision Unconsciousness
 None of the above, but please continue to monitor for these at home.

Witnessed/Treated by - Name:

Signature:

Parents/Carers informed: Accident Report In Person by Telephone by Text Message
(tick all that apply)

LOOKING AFTER YOUR CHILD WITH A HEAD INJURY

If your child has sustained a head injury at school today please seek medical advice if you have any concerns whatsoever, or if any of the following occur within the next 3-4 days:

1. If your child vomits more than twice in one day.
2. If your child complains of persistent headaches after paracetamol.
3. If your child becomes unusually sleepy or is hard to wake up.
4. If your child has a convulsion (fit).
5. If your child has any changes in behaviour or is not his/her usual self.

Please check your child's injury and seek professional medical advice if you are at all concerned.
A copy of this report is retained in school - please get in touch if you require further information.
